

NO. **20**

25 WAYS WE HELP YOU TRIM SMARTER

We make you the expert.

At VERSATEX, we take pride in educating our contractors on products and installation. These people leave with an in-depth knowledge of all VERSATEX products and installation techniques, which means better results in the field and more satisfied customers. Everyone has questions, but luckily, VERSATEX will always find an answer. We make our contractors PVC trim experts, and it's the No. 20 way we help you Trim Smarter.

VERSATEX
TRIM BOARD

TRIM SMARTER.

“ Many lumber yards hold contractor breakfasts to help their customers learn about products directly from the vendors. Without a doubt, one of the best such events I've ever attended was the breakfast put on by the folks at VERSATEX. I learned more about VERSATEX products, their uses, applications and the technology behind the products than any other seminar I ever attended. I came out of the VERSATEX seminar knowing that I could now answer any question posed to me and felt like an expert in the product line. This is one to plan on for your next breakfast. ”

-Rick Major, R.P. Johnson's

The **VERSATEX** Contractor Breakfast offers:

- In-depth knowledge on installing PVC Trim products
- Best practices during the installation process*
